**2-1-1 SERVICE**

211 is a community information service linking people to important local programs and services in a time of need. 24 hours a day, 7 days-a-week, 365 days a year in over 150 languages.

When someone dials 2-1-1, a trained 211 Navigator will talk through their challenges and connect the individual with community services that can help. By providing a central source of information.

211 helps people quickly before they reach a crisis point. 211 connects individuals experiencing poverty, hunger, homelessness, mental health issues, social isolation and domestic violence with the right resources.

## FROM THE MAYOR'S DESK

### GREETINGS FELLOW RESIDENTS

We are a year into the pandemic and finally there is a light at the end of the tunnel. The vaccines are arriving and are proving to be very safe and effective. I would encourage everyone to get vaccinated as soon as possible.

Hopefully our lives can return to normal soon.

Looking back, we have done pretty well. I would like to thank every

one for doing their part to keep each other safe. I continue to hear stories about random acts of caring and kindness... showing once again what a wonderful place this is to live.

I would like to thank Central Huron staff for their extraordinary commitment to continue to supply the essential services under extremely difficult circumstances. Thanks also to my fellow council members for

making difficult and courageous decisions under trying conditions. 2020 was a great year for learning and getting back to our roots. The Huron Student Honey program saw a group of youth learn to safely handle bees and harvest honey. Their willingness to try something new was inspiring! If you would like to join the program, all ages are welcome. Thanks to all mentors who guided the bee group.

Stay safe everyone!

## INSTALL SMOKE ALARMS

# IT'S THE LAW

Every home in Ontario must have a working smoke alarm on every level and outside all sleeping areas. Develop and practice a home fire escape plan. In case a fire starts, everyone must know 2 ways out of every room. All family members can meet at your designated meeting place outside.

For more information contact  
**The Municipality of Central Huron Fire Department**  
 at 519-482-3043.

Located at: 401 Beech St., Clinton

## Beat the Silent Killer

Stay safe from carbon monoxide.

Ensure all fuel-burning appliances in your home are inspected annually.

Install and regularly test carbon monoxide alarms.

## ROADSIDE MOWING

Roadside mowing will be contracted out. Anyone having small trees and shrubs should have them well marked as the Municipality will not be responsible for any damage. Owners of vacant lots are advised that it is their responsibility to maintain weeds and excess grass under the Property Standards Act.

## LANDFILL

For larger amounts such as a garage clean out or house renovations, refuse can be taken to the former landfill site but must be separated amongst the various recycle bins and non recyclables. The cost is dependant on weight but the minimum is \$20. Additional fees apply for larger items like furniture and mattresses. Hazardous wastes are still accepted at the site.

The site is open from 8:00 am until 12:30 pm Tuesday through Saturdays inclusive. For more information they can be reached at 519 482 7668 If you have usable items that you no longer want, save them for the annual "Kick it to the Curb" weekend, August 23-25th.

## SPRING AND FALL LEAF PICK-UP

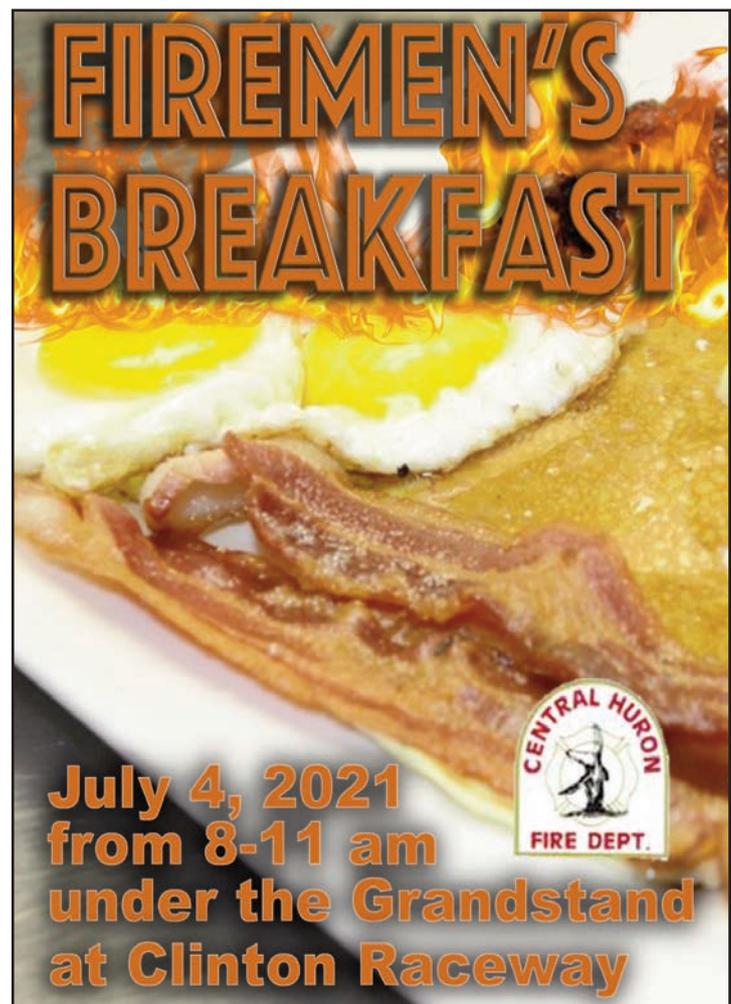

The spring pick-up will be held during the last week in April and the first week in May. The fall pick-up will begin at the start of October to mid-November, weather permitting. Leaves must be in brown paper bags which are available at the Municipal Office. Two bundles per household only. If you require more they can be purchased at the local hardware store. Brush must be tied in bundles no longer than 4 feet, and cannot weigh more than 50 pounds. For those who wish to take their own leaves and compost, the drop off site is at 40131 Hydro Line Road – just east of the Cemetery. Open 7 days a week Mon-Fri 7:30am-5:00pm, Sat, Sun 10:00am-4:00pm. ACCEPTABLE ONLY: Leaves, brush, grass clippings and kitchen compost. NOT ACCEPTABLE: plastics, plastic containers, metal, lumber, cement, tires, appliances and garbage. This is a free service that should not be abused.

## Be Weather Aware!

When planning your daily activities its important to be prepared for severe weather. Summer weather has a tendency to be more volatile than other seasons. It can be less predictable,with less lead time for preparedness. It's always a better idea to plan ahead.

## Tips on Preparing for Severe Weather

1. **Don't wait for a storm to hit.** Begin preparing now and you'll be able to react quickly when a storm arrives. Make sure your Home Emergency Survival Kit is stocked, ready and in a place where you can easily access it.
2. **Pay close attention to the weather.** Some types of nasty summer weather can develop quickly with little warning, so be sure to regularly check the forecast on trusted sources including radio, smartphone apps, or the internet.
3. **Respect the potentially destructive power or weather.** When severe weather is forecast, keep a close eye on the sky and be prepared to take cover if threatening weather approaches. Stay inside until conditions have calmed and the danger has passed. This is no time for recreational weather watching or taking photos or video to post on social media.
4. **Remember that after-storm conditions can also pose a hazard.** After a severe storm has passed use special care when you leave your shelter. There may be downed electrical wires, broken trees and dangerous debris around your property and in the streets. Be extremely cautious if you decide to tackle tree removal by yourself. Better yet, leave it to the professionals.

## Tornado

Tornadoes are rotating columns of high-velocity wind that can bring devastation to anything in their path. Ontario averages 12 tornadoes per year, most occurring in June, July and August, although the season extends from April to September.

## When a Tornado Threatens

- Take shelter immediately, away from doors, windows or exterior walls. The basement of a sturdy building is best.
- Don't get caught in a vehicle or mobile home. If no other shelter is available then lie flat in a ditch, ravine or low-lying area.
- Beware of flying debris. Even small objects such as sticks and straw can become lethal missiles.

Emergency preparedness starts with you  
**flooding**

- Avoid water near electrical equipment
- Don't walk or drive through water
- Be ready to evacuate
- ALERT Stay informed

## **ROADS DEPARTMENT**

### **Parking**

There is NO overnight parking on any streets or in parking lots from November 15 to April 15 of each year within the Municipality. Prior to that, there is parking permitted on certain streets, one should check with municipal by-law for those streets.

### **911 Signs**

Property owners are responsible for notifying the County of Huron if your 5 digit number has been damaged or stolen. Those that would like to get a new sign with their name on it are asked to contact a sign shop that makes them.

### **Street Lighting**

The Municipality has street lights in many of the small hamlets as well as in town. Anyone noticing that a street light doesn't work are asked to call the Municipality at 519-482-3997 to report it. There is a 4 digit number on each pole that is the identification number for that light. Please have that number ready when you call.

### **Landowners**

Mud on the road is dangerous & more slippery than ice. Please ensure our rural roads are kept clean and safe. A person who deposits mud onto the roadway maybe liable if an accident were to occur.

### **Sidewalks**

Please refrain from placing garbage and recycling bins or other objects on sidewalks. This restricts snow removal and this restricts snow removal and hinders accessibility.

### **Snow Moving**

Pushing snow to the other side of the road when cleaning out your laneway is prohibited. There is a bi-law in place that prohibits this practice

### **Compost site**

The Municipality of Central Huron has a compost site at 40131 Hydro Line Rd. It is a drop off spot for leaves, brush, garden waste, as well as household kitchen scraps. Items can be dropped off at your leisure. A limited number of paper bags are available for pickup at the town hall. This is not a drop off for construction materials, unwanted fill, cement blocks, plastic bags, flowers still in pots etc., as this material should go to the landfill. This is a free service for Central Huron residents that should not be abused.

or after hours call 1-877-850-3128**

## Sump Pumps – Make the right connection!

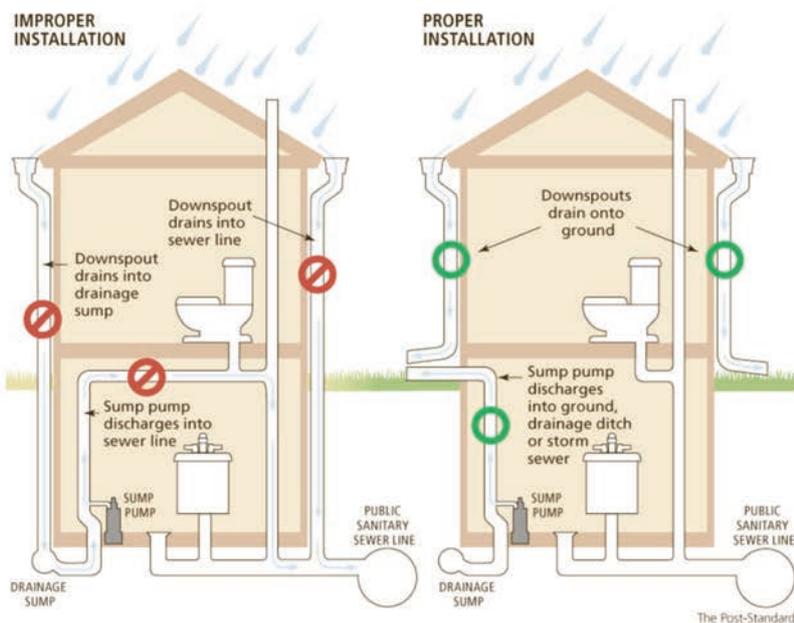

A sump pump is a pump that is used to protect a basement from flooding and general moisture intrusion by removing rainwater that infiltrates into the soil around the basement foundation.

The sump pit appears as a hole in the basement floor and is usually either a plastic or concrete container buried into the ground so it can collect water from the foundation drain.

When water reaches sump float switch it activates your sump pump. Water from the sump pit is then pumped out and discharged through a pipe in the wall to an outside location far enough from the foundation wall to prevent the discharged water from re-entering your foundation drain. The water is then naturally absorbed into the ground. If there is a storm sewer connection then the sump pit discharge pipe may be directly connected to the storm system.

## Not All Connections are good!

In some homes, sump pumps do not pump the water outside. Instead, they are connected into the sanitary sewer system. These types of connections are in violation of the Ontario Building Code and the Municipality of Central Huron's Sewer Use By-Law 39-2018. As well as a sump pump connection to the sanitary sewer can cause a back-up which will lead to flooding your basement with sewage! It is also detrimental to the operations at the Clinton Sewage Treatment Plant.

Please make the right connection to protect your home and the municipal sanitary sewer system.

Do's	Don'ts
Do have your downspouts extended far away from your house	Don't have your downspouts connected to your foundation drain
Do have your sump pump discharge outside away from your foundation	Don't have your sump pump discharge to the floor drain or laundry tub (these are connected to the sanitary sewer)
Do have your sump pump discharge to the storm connection if one is available	Don't discharge your sump pump to a neighbouring property
Do protect your discharge hose from freezing in the winter.	Don't discharge your sump pump to the sidewalk or roadway
Do have a back-up battery on your sump pump in the case of a power failure

The Clinton Public Hospital Foundation is a charitable organization, committed to the advancement of healthcare and the well-being of those served by the Clinton Public Hospital, through the raising, managing and distribution of funds for equipment and infrastructure to our hospital. The Foundation consists of a volunteer board of directors and one part time employee, who work together towards our mission to support the purchase of capital equipment and upgrades to the infrastructure of our hospital, which is not otherwise funded.

Financial donations to the Clinton Public Hospital Foundation are welcomed and appreciated at any time, as there is always a need for private funding to reinforce the existing strengths of our hospital and to keep pace with future medical technology. Any donation, large or small, will make a difference to the Clinton Public Hospital.

Funds received from our donors allowed the Foundation to transfer \$422,334.40 in the 2019-2020 fiscal year. These funds supported renovations for the new Digital X-Ray Suite and the new Inpatient Accessible Tub and Shower Room, as well as costs associated with nursing education (RBC Nursing Strategy Grant), Inpatient Lounge Table and Chairs (CPH Auxiliary Funded), PATH Project, CPR Training Mannequins and physician recruitment.

For the 2020-2021 fiscal year, the Clinton Public Hospital Foundation Board of Directors has committed to supporting the Medical Devices Reprocessing Department and Operating Room Refresh, Nursing Education (RBC Grant), as well as the purchase of a Eye Trauma Slit Lamp, Bone Mineral Density Unit, ECG Machine with trolley and cart (CPH Auxiliary), and Single Channel IV Pumps (CPH Auxiliary). The Foundation will also support various COVID-19 related projects in our hospital this year, with funding awarded from the Canadian Medical Association Foundation COVID-19 Community Hospital Fund. The total cost of the combined projects is estimated to be in the vicinity of \$750,000.

The Clinton Public Hospital Foundation Board of Directors and Staff would like to thank our caring community partners, generous donors and wonderful volunteers for making our hospital a better place and supporting our ongoing needs.

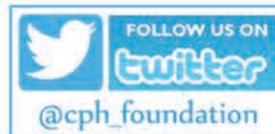

*Thank You!*

## Clinton Public Hospital Auxiliary

The Clinton Public Hospital Auxiliary is a volunteer organization, which assists in the hospital where necessary and raises funds, which are given to the Clinton Public Hospital Foundation for the purchase of capital equipment.

Auxilians have opportunities to volunteer at the Clinton Public Hospital Gift Shop, volunteer at clinics, provide information and participate in the Unified Action Council, which includes a patient visiting program.

The Auxiliary hosts several fundraising events, which include tag days, barbeques, raffles, their annual penny sale and their annual Gift of Light celebration. Auxilians also have opportunities for education, by having guest speakers attend meetings.

Comradery, meeting new friends and sharing ideas are important roles of each Auxilian, as we strive to make a positive difference in the lives of our community members.

### Making Moments Matter in Central Huron

Compassionate care at the end of life is essential care in Huron County. For 25 years, Huron Hospice has provided comfort, care and support to people who are at end of life. Hospice volunteers are an important part of the circle of care which is provided in home, hospice residence, hospital, and long-term care settings. Since 2018 hospice care has also been available in the hospice residence setting. By the end of 2020, 125 families accessed this essential end of life care at the hospice residence and 282 people received palliative care in their own homes or long-term care or in hospital. Today, Huron Hospice has become a centre of stability in Huron County.

**In your Home** - A dedicated team of volunteers are part of the circle of care providing companionship, listening and emotional support to people who are at the end of life. They offer respite for caregivers to take time away or rest. Our volunteers have respect for the privacy, dignity and self-determination of the person.

**In Our Residence** - Our four-bed hospice offers 24/7 care by nursing staff trained in end of life care. Care is provided as it would be your own home. Our home includes private rooms with space for visiting family, a large living room to congregate, and a spacious kitchen to enjoy meals with family and friends.

**Grief & Bereavement** - There are many reasons for grief: the loss of a loved one, the loss of health, loss of a job or marriage or the letting go of a long-held dream. Dealing with a significant loss can be one of the most difficult times in a person's life. A dedicated volunteer team works one-on-one to help people to acknowledge loss and grief groups are available.

#### Ways To Support

Every year the community rallies and contributes almost half of our operating funds. There are many ways in which you can support Huron Hospice.

#### Make Every Day Matter

Choose a day that is special to you (birthday, anniversary or memory of a loved one). On that day give a gift of \$1,000. That is \$250 four times a year or \$2.30 /day.

#### Donations In Lieu of Gifts

Many people choose to ask family and friends not to give a gift on their birthday, or special occasion. They ask that a donation be given to Huron Hospice in lieu of a gift.

#### Hike for Huron Hospice

Every spring people walk in support of Huron Hospice. Hike where you like, as part of this growing virtual event. You can walk 1km or 2.5km on a trail or in your neighbourhood. Every step you take helps fund compassionate care.

**BUILDING DEPARTMENT**

**LOCATED AT THE  
BACK OF THE  
MUNICIPAL OFFICE**

The Primary Role of the Building Department is to promote public safety and assist development in compliance with all applicable laws.

The Building Department is a multi-faceted department with its major roles including enforcement of the Ontario Building Code, Municipal by-laws, property standards, zoning administration and source water protection. The building department also oversees septic and plumbing permits and the required inspection services. These roles ensure compatibility and protection of adjacent land uses, maintenance and sustainability of properties and the quality of life for Central Huron residents and visitors.

**BUILDING PERMITS**

A building Permit is your formal permission to begin construction or demolition. It means that the Municipality of Central Huron has approved plans for a new structure, an addition, an alteration, a renovation or change of use of a structure.

Contact the Municipality of Central Huron if you are unsure whether you require a permit for your project. Even though your project may not require a building permit, you must still comply with the requirements of the Zoning By-Law and any other applicable laws. It is the property owner's responsibility to ensure that a Building Permit is obtained prior to any work starting, when required.

Approved Building Permit plans must comply with

the Ontario Building Code, local zoning by-laws and other applicable laws. Building permits regulate the type or use of a structure allowed within the community and ensures that building standards are met. The building permit process protects each property owner's interests, as well as the community at large and provides for the erection of safe, legal and sound structures.

**WHEN DO I NEED A BUILDING PERMIT?**

All new buildings, prefabricated buildings and accessory buildings over 10 sq metres require a permit. Repairs, alterations, renovations and additions to existing buildings need a permit.

Swimming pools, sewage systems, plumbing alterations, mobile homes, temporary tents and structures need one as well. Demolitions also require a permit.

**HOW DO I GET A BUILDING PERMIT?**

Applications are available at the town hall or on the Central Huron website.

Submit your completed application and applicable drawings to the building department. They will be reviewed by the Chief Building Official and a permit issued if your plans comply with building regulations. You will need to set up building inspections as per the instructions on your permit.

The CNR School on Wheels Museum is a unique little museum located at 76 Victoria Terrace, Clinton, Ontario in Sloman Memorial Park. It is a provincial treasure of historic, educational, and railway significance. CNR School on Wheels Museum is part of the Northern Ontario's unique railcar school system history which spanned from 1926-1967. In 1926, Clinton locals, teacher Fred Sloman and his wife, Cela, set off on a new school railcar program, designed to bring education to remote northern families. During this time period most northern children received little to no formal education.

A CNR railcar was changed into a classroom, with living quarters in the back to house the Slomans and their 5 children. The school car was attached to a CN train. The train would take the school car to a remote location and unhook it, leaving it behind for a week at a time before picking it up and taking it on to the next location. Some students would travel many miles by canoe, dog team, or snowshoe for classes. Mr. Sloman would teach any number of students of varying ages, then leave homework with them until his return visit about a month later.

In 1982, the school car, damaged by fire and vandalism, was located by the Slomans who asked the Town of Clinton to purchase it. The railcar arrived in Clinton that fall to its new home, in the Sloman Memorial Park, where it was restored to its original state through the efforts of dedicated volunteers.

## AUBURN DOG PARK

The Auburn Dog Park is located behind the ball diamond. There is a laneway and parking area south of the diamond off Hardwood Line, so you can now drive quite close to the gates. The laneway is not accessible in winter, but the dog park gates are kept open throughout the year. You can walk or snow shoe in through the ball diamond. It is accessible in daylight hours only.

We have a small dog section and large dog section, fully fenced. There are picnic tables in both sections of the park, so bring a book and enjoy the day! Be sure to follow current COVID protocol. Please stoop and scoop and keep our dog park clean. There is a garbage can and doggy bags for waste. Please bring your own water for your pet.

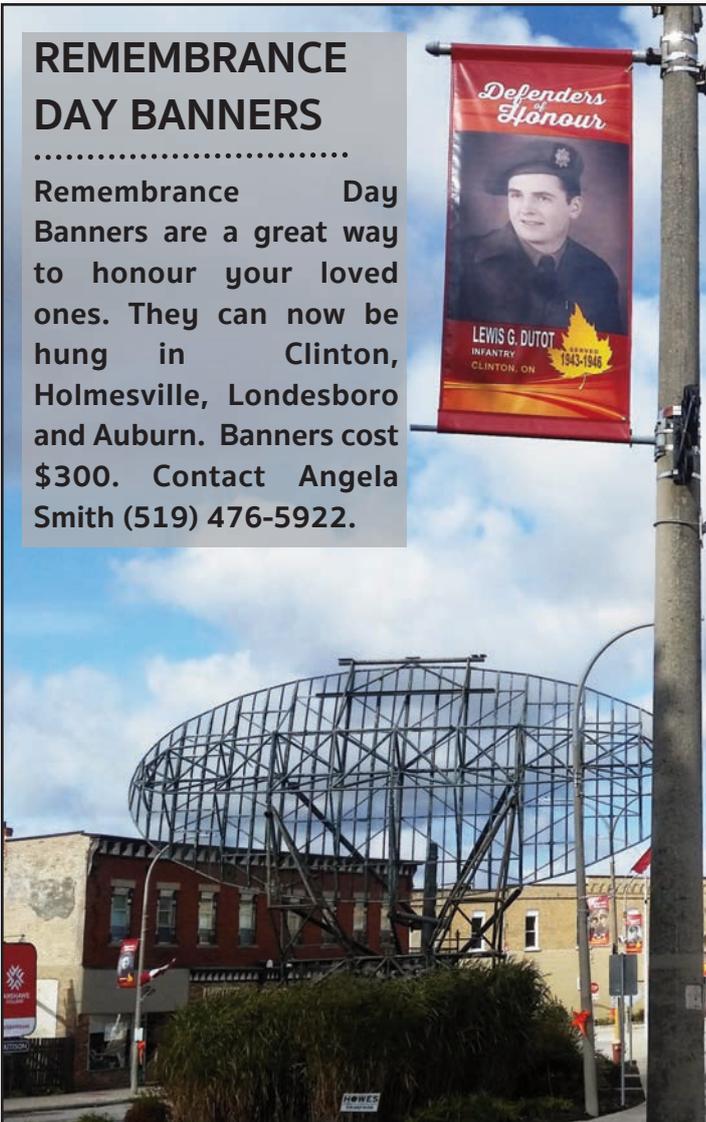

Dog treats, leashes and toys are available for purchase at the Auburn Huron Bay Farm Supply.

To adopt a post in Memory of or in Honour of a beloved pet, contact the municipality at (519) 482-3997. Proceeds go towards park improvements, such as trees and flowers.

The Dog Park is close to the community playground, so there are lots of things for the family to do – both 2 legged and 4 legged! Come enjoy our village!

CENTRAL HURON'S  
**BACK ALLEY ART**  
*Extravaganza!*

Families and individuals all around the community are busy painting pictures on sheets of plywood. In the spring, completed projects will be installed in Clinton in the laneways behind the Albert Street stores, creating "The Back Alley Art Extravaganza". This will brighten up areas of our downtown and create an Artists Alley where everyone can show off their talents

During the summer of 2021, we anticipate Albert Street to be closed for construction. At times it will be easier to access the downtown stores from their back doors, entering through the Artist Alley. When you come downtown to shop, be sure to plan extra time to meander through Central Huron's largest ever public art exhibit! Nursing home residents, school children, teenagers, seniors, entire families and community groups are all working on a board, so the display will showcase the talents of the entire community!

We hope to receive mural quality artwork from our more experienced artists and exciting finger painting style exhibits from our youngest artists. Whether it's a landscape of our town, a graffiti style submission, abstract art or portraiture... all submissions combined will create a kaleidoscope of colour for the community..

These pictures are 'works in progress' that have been shared so far. Watch for these and dozens more in the alley!

When taking pictures in the Artists Alley, please use the following hashtags:

# Fresh Vegetables For All!

The summer of 2020 saw a group of area youth transform some community areas into vegetable gardens. They worked together to learn about garden layout and companion planting. Once seeds and plants were in the ground, the group took turns watering and weeding. By the end of summer they had harvested hundreds of pounds of produce for area food banks. Another fine example of youth making a difference in their community!

# Huron Student Honey Miel

Est 2020

A program to help local students create a business in the agri-food sector. The idea that they learn a skill they can take into the rest of their life, be able to set up their own agri-business, build their resumes, and most importantly...build their self confidence, while interacting with an intergenerational team! As they move into adulthood, they can become bee keepers for very little outlay. You don't need land, equipment or quota. In fact, the program will provide them with a hive and suit if they want to start up their own bee yard. Students at all levels will be learning financial responsibility. From planning a budget at the outset for equipment and bees... to marketing/advertising costs, to sales and profits. Retired volunteers mentored the students, providing step by step instruction.

I met with local farmers (including the Mayor and a Councillor), my OMAFRA Agriculture & Rural Economic Development Advisor, local bee keepers, University of Guelph Honey Bee Research Centre & Community Futures Huron to discuss the idea and formulate a plan. In order to allow as many students as possible to participate, we came up with a list of activities:

- Construction students could build the hive boxes
- Anyone with interest can learn to take care of the bees
- Hospitality students can do the extracting/jarring...the food handling part of the process
- Comtech students to design labels, photograph the journey & make a marketing strategy
- Art students to create items using the wax and decorate the boxes before they go to the bee yard.
- Business students to work with budget, sales and inventory
- Finally... bringing the elementary students on board as the sales force. The younger students sell various items throughout the year to raise money...so this seemed like the perfect group. They can offer a local product to their customers that was possibly created by their older siblings, purchasers know they are supporting both school levels with one purchase AND if the younger ones become interested... they can be the next generation of bee keepers when they arrive in grade 9!

We also intended to create honey based gift baskets and sell them at our annual Christmas market during ladies night. The activities didn't happen quite as planned due to the pandemic closing the schools. Instead, we had a wonderful group of post secondary and high school student volunteers that were very successful and they harvested almost 1000 pounds of honey!

Anyone that would like to join the program is welcome. We are looking for adults and students. If you are interested, please contact Angela Smith by phone (519) 476-5922 or email [angela.smith@centralhuron.com](mailto:angela.smith@centralhuron.com)

# Volunteers Needed

Would you like to spend a morning planting flowers in containers? Would you like to grow some flowers for us from seeds? We need your help to create an explosion of colour! Contact Angela Smith if you'd like to get your fingers dirty!

We are looking for residents of all ages to help with any project that interests you! What can you do to help make the community enjoyable for all? Throughout the year, Central Huron holds many great events for residents and visitors. We need your help to continue offering these and more! Planning committee members are needed, as well as helpers for just for specific event days. If you would like to be a part of the fun, please contact Angela Smith, Community Improvement Coordinator at 519-476-5922 or [angela.smith@centralhuron.com](mailto:angela.smith@centralhuron.com)

Past events include: Harvest Festivals, Wine & Cheese Nights, Community Picnics, Campfires, Skating Days, Splash Pad Parties, Food and Beverage Festivals, The Mayor's Mingle and more. You can volunteer for one event or multiple events, the choice is yours!

## Lonsdaleburgh & District Lions Club

282 King's Road, Lonsdaleburgh, ON N0M 2H0  
 Chartered May 31, 1977

When caring people join together, roll up their sleeves and take action to make their community better, it's a beautiful thing - and an incredible feeling for everyone involved. That's Lions. Being a Lion is about leading by example, building relationships and improving the world through kindness. It's 1.4 million caring men and women serving together so they can make a lasting impact and change more lives.

**WE DON'T JUST SUPPORT  
OUR COMMUNITY;  
WE LIVE HERE!**

**AND WE NEED YOUR HELP!**

As with many groups and volunteer organizations we are experiencing a decline in numbers. As such, we are actively looking for new members to help bolster our membership, and of course, help carry on the tradition of supporting and promoting the many needs of our community. Consider joining us and becoming engaged and active in your community.

**...IT IS FAR MORE FUN THAN IT IS WORK.**

*We have a*  
**PASSION**  
*for our community*

The Greatness of a Community  
is most accurately measured  
by the compassionate actions  
of it's members.

Coretta Scott King

The Clinton and District Kinsmen Club take great pride in serving their community and the many accomplishments they have achieved over the years. Throughout those years they have kept busy with many innovative ideas and successful projects, all of which have helped contribute to a better place to live. Celebrating over 66 years of experience in the fund-raising business, they know that the true measure of success for any event is the participation of the community. Clinton boasts some new and exciting projects on the horizon, and the Kinsmen will be there to support.

Grow. Learn.  
Make Friends.  
Have Fun.
